**HousePure® ScaleStop  
Whole House  
Commercial Grade  
Conditioner**

Part # WI-HPSS-2

Shipping Wt: 350 lbs.

\$9,485.95 Ea.

The HousePure ScaleStop 2 is the high capacity commercial version of the residential HousePure ScaleStop Conditioner. The HPSS 2 boasts 2" inlet and outlet lines for larger homes and businesses that require higher flow rates with the added scale control capacity. The pretreatment tank offers 4 cubic feet of premium coconut shell granular activated carbon along with 10 lbs of KDF-55 medium. Together, these two mediums create a high degree of pretreatment benefits including dechlorination, bacteria inhibition, and taste and odor reduction. The second tank contains 88% more ScaleStop media than residential systems, ensuring that all water is properly treated for scale control.

The HPSS-2 has a 2" inlet and outlet, which can be bushed down to accept smaller pipe sizes if needed. The unit includes a 2900 series commercial, 24VDC controller and a 3200 2" metered valve.

**Includes Installation Parts and Install/Owner's Manual\***

**Flow Rate:** 30 GPM

**Dimensions (Including both tanks):** Width: 32" Height: 80" Depth: 32"
