D005	Lift and Turn
D006	Pop-up w/ lift rod
D011-D016	
D101-D720	Decorative Drains

INSTALLATION

Drain should be installed first.

DROP-IN: Cut opening large enough for the sink to be "dropped in" to countertop.

UNDERMOUNT: Cuts in countertop are up to the discretion of the installer. Clips or other installation method must be provided by the fabricator/installer.

Use 100% silicone to adhere sink to countertop. Clean any excess silicone from sink surface to avoid damaging the finish.

CARE

This sink has a living finish (in the copper [DB] and brass [UB, PB, AB] materials), which will change with time and use. Use mild soap and water for everyday cleaning. Avoid any harsh abrasives, acidic cleaning products and antibacterial hand soap. A paste wax may be applied periodically to protect the finish and help with water spotting.

WARRANTY

Linkasink warranties our product to be free from manufacturing defect for the life of the product. Warranty does not cover improper care or abuse/neglect, or changes to the living finish.

DIMENSIONS WILL VARY

DO NOT use this sheet as a guide for countertop cuts. Due to the handmade nature of each product, templates are not provided.
