✓	BPIR - Scope of use	Freestanding basins are typically used in high-end residential and commercial bathrooms to create a bold design statement, offering flexibility in placement and a sculptural aesthetic ideal for spacious, modern interiors. Basin stands and pedestals are used in bathrooms to support wall-hung or countertop basins, offering both functional support and aesthetic enhancement, making them ideal for classic, minimalist, or space-conscious bathroom designs.
✓	BPIR - B2.3.1 Durability	This product complies with Building Code Regulation B2.3.1 Durability

The Equilibrium Collection presents a remarkable fusion of sleek lines and captivating volumes. This collection features washbasins with harmonious curves, embodying the perfect balance between aesthetics and elegance. Crafted for sophisticated and refined spaces, these designs effortlessly elevate any environment, adding a touch of elevated sophistication.
